Information Security Management System  
 ISO/IEC 27001:2013

## Aras Corporation

**A-LIGN Compliance and Security, Inc. certifies that the organization operates an Information Security Management System that conforms to the requirements of ISO/IEC 27001:2013. The scope and boundaries of the ISMS is as follows:**

“Aras' Information Security Management System (ISMS) is designed in accordance with the requirements of International Organization for Standardization standard ISO/IEC 27001:2013 to appropriately preserve the Confidentiality, Integrity and Availability (CIA) of Aras' information assets. The ISMS framework serves as Aras' mechanism to appropriately identify, select, maintain, and improve information security controls that support Aras' in-scope services depended upon by internal stakeholders, external customers, and partners. These services include Aras' Enterprise operations, product infrastructure, the proprietary software developed by Aras that runs on that infrastructure, and Global Cloud Services (GCS). The ISMS is managed from the Aras office in Andover, MA and supported by a distributed workforce.”
