Using Aras Innovator[®] for Formula & Recipe Management

Implementation by [PSC](#)

www.psclistsens.com

It's all in the way we listen.[®]

Project Scope

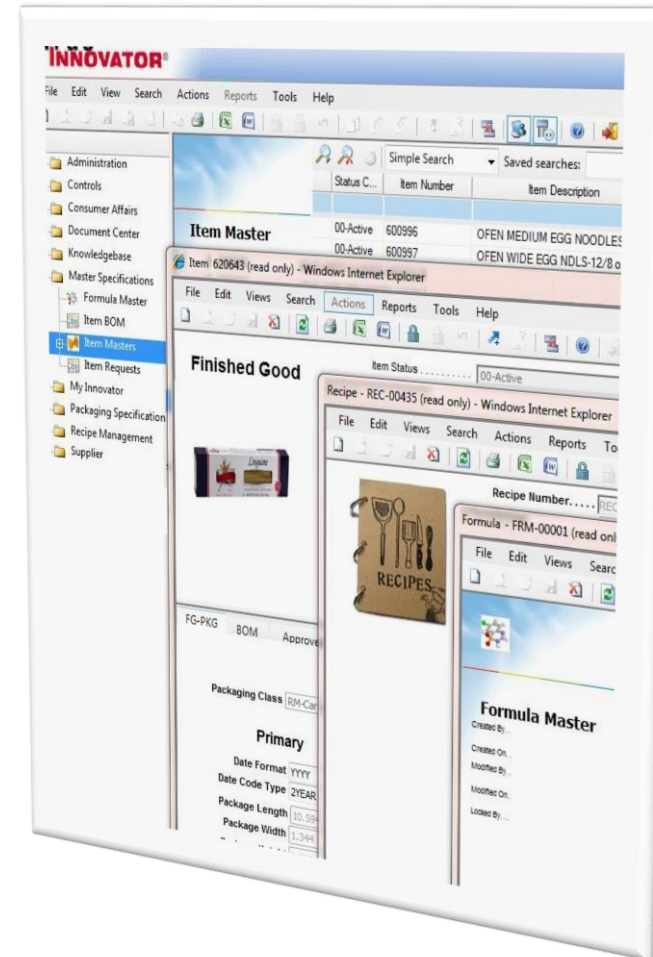

- Full enterprise PLM deployment for formula & recipe management
- Single integrated global PLM platform using Aras Innovator
- 100% web-browser access with security
- Role-based user interface for “need to know” visibility
- Email alerts, Bar Code & QR Code integrations
- Flexible functionality with customization, extensibility and integration to other enterprise systems
- Deployment is running in production

Overview

- Includes Finished Good Items / SKUs
 - Finished Goods Item
 - Primary Packaging Item & Secondary Packaging Item
- Includes Formulation functionality for WIP Items
 - Raw materials at volumetric rates at the press
 - Tool & Die and processing information
- Includes Recipe functionality
 - Linked to Finished Goods
 - List of Ingredients & Instructions
 - Cook time and Preparation time
- Includes Nutrition functionality
 - Leveraged within WIP Formulation
 - Leveraged within Recipe management
- Includes Packaging & Labeling functionality
 - Labeling & Artwork with Geographic variations, Bar Codes, QR Codes
 - Primary commercial packaging
 - Secondary packaging, cases, pallets
- Much more included as well
